"BECOME FIGHTING MEN"

Is District Attorney Francis J. Heney's Advice to Students

Friday morning, April the 12th, assistant district attorney of San Francisco, Francis J. Heney, addressed the students at the university meeting. Mr. Heney strongly advised the students to "become fighting men", trained and qualified to give battle in the struggle of right against wrong. He referred to President Roosevelt, District Attorney Jerome, and Folk as men of fighting instincts in the higher sense. He stated that we hold President Roosevelt in high esteem not so much because he lead our soldiers victoriously up San Juan Hill, but because he fights the battle of right in civic life against wrong; because he stands for civic righteousness. As a man who is a candidate for honors on the football field must prepare himself for the critical struggle by a long period of training, so the man who hopes to succeed and do well in public life must prepare himself far in advance. And the preparation which he needs is chief of all a firm grasp and an unfaltering adherence to right principles. When you seek office, Heney said, political bosses and corporation representatives will use every means at their disposal to block you and tie you down, unless you are willing to compromise with evil and sacrifice your principles.

The attorney declared that the fight in which he is engaged is not so much one against men as against conditions. Abraham Ruef will not want for a successor. If the boss of San Francisco is not Ruef, it would be Martin Kelley, if not Martin Kelley, then Philly Crimmins, and if not Philly Crimmins, then Higgins, and if not Higgins, then Buckley.

During the course of his address Heney referred humorously to "my friend Abe, our fellow-graduate, or rather your fellow graduate, who may take a vacation very soon in San Quentin." Heney was a student at the University of California in 1879-80. President Wheeler introduced him as a man who was not afraid of anybody or anything, a man who had not completed a full course at the university but surely had taken a full course in life.

Colonel Harris Weinstock also spoke at the meeting very effectively upon the need of good citizenship as the salvation of the country.

Bank Stock Assessed

For the first time since the new law went into effect holders of national bank stock are being assessed in this and all counties for the amount of their holdings. It is being assessed to them as personal property. County Assessor Frand Dowd has received letters referring to the matter from the State Board of Examiners. The banks effected in this county are the Santa Rosa and Petaluma National Banks.

Municipal House-Cleaning

The mayor of Denver, Colorado, has established a very successful annual "Cleaning-up" Day for that city, and the following are some of his pertinent suggestions for its observance:

If your store front, residence or fence is dingy, order it painted.

If your awning is old, torn or faded, get a new one.

If your sidewalk, gate or fence needs repairing, fix it.

If your advertising sign is old or faded, take it down and paint it.

Resolve never to throw paper in the streets.

Take all the dandelions out of your lawn—they will spoil its beauty.

Destroy the young weeds that are starting on your property and on your neighbors' property.

Burn all rubbish possible—allow no one to throw it on the streets, alleys or vacant lots.

Promise not to spit on the side walks.

Organize a block improvement society, and allow no weeds to grow on sidewalk erea or vacant property in your block.

Ask your milkmen, grocerymen and expressmen to have their wagons painted.

Irrespective of the size of your house make your lawn the finest.

Illuminate the front of your store in the business section.

Every effort put forth or dollar spent to improve our city's appearance will be returned twofold.

Pleads Not Guilty

E. M. Gender, better known as Ned Buckley, was arrested at Glen Ellen Saturday afternoon by Constable Boswell and taken to Santa Rosa, on a charge of selling liquors to minors. He entered a plea of not guilty before Justice Atkinson and was allowed to go on putting up $100 cash bail. This is the case where the son of S. Graham was made intoxicated, it is alleged, when he took a rig to Gender's roadhouse last week.

FRIDAY APRIL 19, 1907

OUR GLORIOUS FOURTH

Preparations are going on for the biggest celebration of Independence Day that Sonoma has ever had. Some of the attractions programmed by the committee thus far are :

Grand parade, literary exercises, including the Declaration of Independence and an oration by a prominent speaker, baseball and other games, races under the auspices of the Sonoma Driving Club, band concert and grand ball in the evening. A full brass band will furnish music throughout the day and evening.

It is probable that lovers of boxing will be given a chance to see an exhibition in O'Rourke's pavilion on the evening of July 3rd.

The committee will call on you for subscriptions and it is hoped and believed that our citizens will show their patriotism and public spirit by giving liberally towards defraying the expenses of the monster celebration.

A MORAL WAVE

The newly elected trustees of the city of Petaluma have closed down the lid with a bang and turned the key in the lock. Reform is the word. They have ordered the city marshal to enforce the ordinances regulating saloons to the letter and have given notice that no more saloon licenses will be granted until the number of thirst emporiums are reduced one-half. The red light district is also to be cleaned out, ten days being the time limit for departure. It is understood that the landlords in that section are to be prosecuted too, if they rent their houses for similar purposes again. Bums, hangers-on and such have been given stern warning that their absence it far preferable to their presence and that sorrow will cling to those who do not shake the dust of Petaluma from their feet and that very shortly.

Romantic Career Ended.

Stephen Urkoff, like thousands of his unfortunate compatriots of the Czar's domains, fighting for political freedom, was exiled many years ago, from his native country. Escaping from dismal, frozen Siberia he made his way to the "Land of Liberty." Here he wandered about struggling hard in the battle of life and meeting with many ups and downs.

About five years ago he came to Glen Ellen where he was given sympathetic friendship and a home with Mr. and Mrs. Gordenker. During the Klondike gold excitement he went to the alluring north in search of wealth, but returned broken in health, the great white plague had fastened its grip upon him. His rugged constitution resisted bravely until last Monday night when his spirit took its flight.

Deceased was unmarried and left no relatives. The remains were taken to Oakland for cremation Wednesday afternoon. Mr. Urkoff deeded his twenty-acre place near Glen Ellen, several weeks ago to Miss Martha Gordenker, youngest daughter of his old time friends.

GET APPOINTMENTS

Dr. A. M. Thomson of this city has been appointed official surgeon of the Northwestern Pacific Railway for this section. The position is a very desireable one and coming unsolicited is greatly appreciated by the doctor and his friends.

Mr. L. S. Simmons, proprietor of the Prescription Pharmacy has also been given the distinction of being appointed official pharmacist for the same company in this section and is being congratulated on his preferment.

RUEFLETS

(Written for the EXPOSITOR.)

When Abraham moved to Hotel de Schmitz,
He thought the plain fare would throw him in fits—
So they hired a Chink with a bald shiny pate,
That served him a meal that was quite up to date—
But Aby still cried, "This meal does not suit!"
So they paid off the Chink, and gave him the boot—
Still poor little Ruef sat quite aloof—
Berating the villainous fare—
The landlord then said, "You don't pay to be fed—
Dig up, if you want to be square."
Abraham pondered these words for awhile
And finally said with rather grim smile:
"Oh, VERY well then I am fond of plain food
And really believe it is doing me good.

Graftlets

Sing a song of bood'e
A pocket full of rocks
Eighteen Supervisors
In the self-same box.

When the box was opened
By Langdon, Burns and Heney
The first man sent across the bay
Was the curly-headed Sheeney.

Sing hey diddle diddle
For Schmitz and his fiddle
Which wouldn't fit into the box.
The Companies laughed
At such easy graft—
While Abraham gathered the rocks.
—MOTHER GOOSE.

ENGAGEMENT ANNOUNCED

The many Sonoma friends and admirers of Miss Maud Fraser will be agreeably surprised to hear of her engagement to Rev. Charles C. Champain, of the Congregational church in Berkeley.

Miss Fraser formerly resided with her mother and sister, Miss Eva Fraser, and was one of the faculty of our local High school, but resigned last year to accept a more lucrative position in the Fruitvale High school. The bride-to-be is an exceedingly bright, accomplished and charming girl who possessed to a rare decree that happy faculty of making friends of all with whom she came in contact. The fortunate groom to be, is the son of Mr. and Mrs. A. W Champlin, pioneers of Sonoma Valley, who now reside in Petaluma. He is a graduate of our local High school and like his fiance, a graduate of the State University. He has chosen the ministry as his profession and is meeting with great success as pastor of the Congregational church at Berkeley.

All happiness and prosperity is wished the young people in their journey through life.

A SERIOUS CHARGE

Antonio Aquistapace a former proprietor of the Roma Hotel in this city was arrested last Friday, in Napa, by Under Sheriff Daly and Deputy Sheriff Jos. F. Ryan, on charge of obtaining money under false pretenses.

Some time ago Aquistapace sold his interest in the Roma Hotel to Zugnoni, Pedroncelli & Co. for $750, claiming at the time, it is alleged, that all bills against the business had been paid. It is now claimed that shortly after the new proprietors took charge, numerous bills came flooding in. Some of the bills were paid by the new firm to avoid attachment, but as this sort of thing became tiresome and was not in the bargain, the new owners of the hotel caused Acquistapace's arrest as above stated.

District Attorney Clarence F. Lea, accompanied by Court Reporter Scott, came and conducted the preliminary examination before Justice Small Saturday afternoon. Defendant was held to appear before the Superior court with bail fixed at $500. By about 10 o'clock a. m. the following day defendant's friends had secured the amount with A. Pinelli and a fellow countryman from Kenwood as sureties.

Two Estates Before Court

Mrs. Mary Belle Patterson, has filed a petition for letters of administration on the estate of her deceased husband, Andrew Patterson, who died suddenly in the Hall district on April 9. He held an interest in 83½ acres of land valued at $5075, and had personal property valued at $1394.50. Besides the petitioner the heirs are the five children of the deceased.

Mrs. Anna F. Hauto has filed a petition for letters of administration on the estate of J. P. Hauto, deceased, who was drowned from his vessel on April 8. The estate consists of 11 acres of land valued at $2000, and personal property valued at $2,265. Captain Hauto was the owner of the gasoline schooner "Four Sisters." The heirs are the petitioner and her nine children. D. R. Gale is attorney for both of the petitioners.

Do You Feel Chilly, Then Feverish and Ache all Over?

Feel Worn-out, Blue and Tired? Have You a Fresh Cold, With Frequent Hacking Cough? Sensation of Soreness in the Chest or Back?

Don't let your case run into bronchitis, or some other obstinate and dangerous malady. The very best medicine to take in such a case is Dr. Pierce's Golden Medical Discovery. Made without alcohol or dangerous drugs, it contains that rare combination of native medicinal roots that will allay a cough (iron it out, as it were), restore the circulation, assist the appetite and digestion, and consequently restore tone to the entire system. That is the reason people look happy once more after taking it—they feel like living, because their liver is active, the blood in their arteries is full of that life-giving quality—rich, red blood. The blood in turn feeds the nerves.

Nervousness and neuralgia are only the indication that the nerves are not fed on invigorating blood. This "Medical Discovery" of Dr. Pierce's is nature's own restorer. It tones up the organism and invigorates its functions, furnishing to the body one of its necessary constituent principles of which it is in need.

This preparation is of pleasant taste, agrees perfectly with rebellious and sensitive stomachs, and is extremely effective in restoring tone and vigor to the entire system. It cures troubles of the stomach and at the same time the blood-vessels are given such a toning up as to throw off a cold. One very good reason why it restores the health of run-down, pale and emaciated people is because it first throws out the poisons through the liver and kidneys. It then begins its reconstructive work in building up flesh and making good, rich, red blood.

"I have been a sufferer from indigestion for some thirty years, at times," writes Mr. S. W. Mullenax, of Circleville, W. Va., "and have used medicine from several of our best physicians, which gave me only a little temporary relief. They said I could never be cured. Last winter I was stricken with the worst spell that I ever had. I suffered with such severe pains in the pit of my stomach that I could neither work nor sleep, and my weight went down from one hundred and ninety-five pounds to one hundred and sixty pounds in about two months' time. I then concluded that I would try Doctor Pierce's Golden Medical Discovery. By the time the first bottle was gone, I felt some relief from my severe suffering so continued until I had used four bottles of 'Golden Medical Discovery.' I am truly thankful for the great benefit which I have received from your medicine, and can cordially recommend it to others."

It Stands Alone not only in respect to its ingredients but also as the only medicine for stomach, liver and blood disorders, which absolutely CONTAINS PURELY VEGETABLE AND PERFECTLY HARMLESS INGREDIENTS, WITH NO ALCOHOL.

It Stands Alone as the best alterative medicine, the makers of which take their patients fully into their confidence and tell them exactly what they are taking. This Dr. Pierce can afford to do, because his "GOLDEN MEDICAL DISCOVERY" is made of such ingredients and after a working formula that has thousands of cures to its credit, placing its merits above criticism.

It Stands Alone as Nature's cure for many chronic diseases and its ingredients are: Golden Seal root, Queen's root, Stone root, Black Cherrybark, Bloodroot, Mandrake root, and chemically pure glycerine.

Remember these are the ORIGINAL Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago, and although much imitated, have never been equaled. Made of concentrated and refined medicinal principles, extracted from native American plants and roots, therefore purely vegetable and perfectly harmless. One little Pellet for a stomachic, or stomach and bowel regulator, three tiny granules for a cathartic.

But the best points, the principal and all the really valuable points are covered by Mr. Edison's patents. The new improved high speed, hard wax Gold Mould Records, are now made in a way to be easily handled, need not be wrapped in cotton and will last for years without losing their beautiful tone.

$6.50 PUNCTURE-PROOF TIRES ONLY $4.80

Regular Price $8.50 per pair. To Introduce We Will Sell You a Sample Pair for Only $4.80 PER PAIR

NAILS, TACKS OR GLASS WON'T LET OUT THE AIR

(CASH WITH ORDER $4.56)

NO MORE TROUBLE FROM PUNCTURES.

Result of 15 years experience in tire making. **No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS.** Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Notice the thick rubber tread and the puncture strips "H" and "D," also rim strip "H" to prevent rim cutting. This tire will outlast any other make—SOFT, ELASTIC and EASY RIDING.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and will close up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is $6.50 per pair, but for advertising purposes we are making a special factory price to the rider of only $4.80 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented.

We will allow a cash discount of 5 per cent (thereby making the price $4.55 per pair) if you send **FULL CASH WITH ORDER** and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at **OUR** expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look better than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable tire offer.

COASTER-BRAKES, built-up-wheels, saddles, pedals, parts and repairs, and everything in the bicycle line are sold by us at half the usual prices charged by dealers and repair men. Write for our big SUNDRY catalogue.

DO NOT WAIT but write us a postal today. **DO NOT THINK OF BUYING** a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

A WONDERFUL MEMORY.

The Story Maretus Told of a Young Corsican Marvel.

Maretus tells us that during his travels over Europe he met the "marvel of marvels" at Padua. The marvel in question was a young Corsican who was in the city for the purpose of pursuing his studies at the university. Maretus, having heard that the young man was gifted with an extraordinary memory, desired to put the student to the test.

The person who had informed the traveler concerning the wonderful retentiveness of the young Corsican's memory declared that he was so gifted in that faculty that he could repeat as many as 36,000 words if read over to him but once. Maretus and three distinguished Venetians agreed to test the accuracy of the statement. A committee visited the student of extraordinary memory and found him willing to submit to the ordeal. Accordingly there was read over to him an almost interminable list of words strung together without any consecutive order and without any meaning whatever.

The young man stood all the time with his attention deeply fixed and his eyes half closed. When the long string of words had been read off he looked up cheerfully and repeated the whole of the uninteresting catalogue of words without a single fault. Then to show how carefully his wonderful memory had retained every word he went through the list backward. When that task was finished he took each alternate word—first, third, fifth, etc.—and repeated them until the company was thoroughly convinced that they were in the presence of the most wonderful prodigy of memory that the world had ever produced.

KNOW THY COUNTRY.

A Precept That Every Citizen Should Take to Heart.

Juvenal said, "This precept descends from heaven—know thyself." To this we add—know thy country. Know its area, its population, its products, native and exclusive, agricultural and mineral. Know its present output and its possibilities. Know its states, its territories and large cities and what they are severally noted for. Know its geography and typography, its constitution, principles and history, its literature, its art and its sciences, its philosophy, discoveries and inventions. Know its relation to other nations, both political and financial. Know its possessions—Alaska, Hawaii, Porto Rico and the Philippines—their history severally, the customs and languages of their people and the sources of their wealth. Many men know these things now and love their country and are serviceable to their fellow citizens in proportion to their knowledge. It costs labor and the sacrifice of so called pleasure to acquire this knowledge, but to the genuinely manly man, whose life's purpose is to make the utmost of his abilities and opportunities and who in one way and another is developing his country's hidden treasures and imparting his own practical enthusiasm to other lives, there are a relish and a delight in the search for knowledge that compensate a thousandfold.

The Woman In Business.

A New York real estate agent has been telling of some of his business experiences with women. Mrs. A., he says, wanted to find a house that would fit her carpets and wasted several weeks on the job. Mrs. B. had six children of her own, but wanted a guarantee that no other children would be allowed in the building. Mrs. C. signed a lease with a clause that no dogs should be brought in and then deliberately brought several into her family and told the agent such restrictions in a lease were of no account. "Do you wonder," he asks, "that men do not like to deal with women?" Of course, however, Massachusetts women would never do anything like that.—Boston Globe.

An Ideal Bath.

An ideal combination is to soap the body all over, using tepid water before plunging into a cold bath. But there are many good folks who cannot face a cold bath daily and who after taking one are apt to be cold and shivering all the day through. For these the best plan is, after a warm bath, to sponge the throat and chest with cold water, which is most stimulating and especially so where the bather suffers from chronic colds. To insist on a cold bath is just as unwise as to have a bath that is too warm and to remain in it too long. That is the more general mistake.

Her Word of Honor.

"Don't you love me?"

"Yes, dear, but I'm already engaged."

"Break your engagement."

"Oh, George, that wouldn't be honorable! An engagement is a sacred thing, not lightly to be entered into or broken off. Besides"—

"Well?"

"Well, I'm engaged to two men, and that makes it even worse."—Cleveland Leader.

Stabbed.

"Whew! That's the first time I ever made a speech. I felt like I had forgotten all I had ever learned."

"You appeared to be talking just as you felt."—Houston Post.

A Snob.

Thackeray designated a snob as a being on a ladder who is quite as ready to kiss the feet of him who is above him as to kick the head of him who is below.

Nothing sharpens the arrow of sarcasm so keenly as the courtesy that polishes it. No reproach is like that we clothe with a smile and present with a bow.—Chesterfield.

Sitting on Chairs.

Does sitting on chairs tend to make people stiff and awkward? Orientals can sit on their heels however fat and elderly they may be, while many English people after middle age can rarely rise from their chairs without assistance.—London Graphic.

Nose For News.

"That man is an inveterate gossip, and he has a perfect genius for smelling out squally times in families."

"Then his is something of a storm scenter."—Baltimore American.

It is easy to be brave when you know the enemy has only blank cartridges.

GUIMARD, THE SPIDER.

The Great Dancer of the Great Days of the Ballet.

The elder Vestris, who flourished in the middle of the eighteenth century, called himself the "god of dancing" and declared in all sincerity and without rebuke that his century had produced but three supreme men—himself, Frederick the Great and Voltaire. On one occasion when reproving his son Augustus for refusing to dance before the king of Sweden at the request of the king of France he said that he would not tolerate any misunderstanding between the houses of Vestris and Bourbon, which had lived hitherto upon the most friendly terms.

Madeleine Guimard made her debut when she was thirteen years of age and for nearly thirty years kept all Paris worshiping at her feet. This was a success of art and not of beauty, for Guimard was so aggressively thin that she was known as "the spider." She discovered the great painter David, who helped Fragonard to adorn her house with frescoes. Indeed, Fragonard, for whose paintings today fabulous sums have been paid, lost his commission because he dared to fall in love with his patron. Guimard had a theater in her own house, and her entertainments there were deemed extravagant in an age of luxury. Paris could not spare her to London until she was past her fortieth year. She was a sort of boudoir adviser to Marie Antoinette, and so great was the esteem in which she was held that one of the most distinguished sculptors of the day molded her foot, and when her arm was broken in a stage accident a mass for her speedy recovery was celebrated at Notre Dame.—Macmillan's Magazine.

THE BLACK BASS.

A Marine Butcher That Kills For the Pleasure of Slaughter.

The bass is like a roaring lion going about seeking whom he may devour. I have seen a good sized specimen get into a school of minnows and eat and stuff until he could not get any more into his capacious insides, then go off by himself, throw up what he had eaten and begin over again, after which he would keep on killing the poor innocent minnows, apparently for the mere pleasure of killing. Very young bass will attack minute water life which flourishes on water plants and get away with every one in sight, adopting the same method as their elders. To illustrate the extent of the cannibalism of the black bass here is the experience of a superintendent of one of the fish hatcheries in Pennsylvania:

"The superintendent made an actual count of 20,000 young bass about an inch long and placed them in a fry pond by themselves. He gave them food six times a day, and, according to his statement, each fish ate on an average three times its own weight of the prepared food every twenty-four hours. They were placed in a pond on the 1st of July, and on Oct. 1, when they were taken out, there were only 11,000, and the record showed that less than 200 died from sickness. It is reasonable to suppose, therefore, that in addition to the food given them by the superintendent there were about 9,000 bass devoured by their stronger and more fortunate companions."—W. E. Meehan in Field and Stream.

Caring For the Teeth.

Without good teeth there cannot be thorough mastication. Without thorough mastication there cannot be perfect digestion, and consequently poor health results; hence the paramount importance of sound teeth. Clean teeth do not decay. The teeth should not be brushed from side to side. If this is done the points of the gums will be injured and the teeth loosened. The upper teeth should be brushed from the top downward (from the gums to the ends of the teeth), the lower teeth from the bottom upward, also from the gums to the extremity of the teeth. It is essential to wash the teeth at night and wise to wash them also in the morning. Rinse the mouth after each meal.

Swiss Enterprise.

There is a weekly journal published at Zurich, Switzerland, called the Engaged Couples' Advertiser, which has agents at work all over Switzerland ascertaining the name of every girl who is engaged to be married and that of her prospective husband. These names are printed in the paper, with the addresses of the sweethearts and a description of their social position. Soon after the announcement of her engagement a girl finds herself almost in a position to start a shop, so numerous are the samples she receives from firms anxious to sell their goods to her.

Gun Barrels.

To brown gun barrels wet a piece of rag with chloride of antimony, dip it into olive oil and rub the barrel over. In forty-eight hours it will be covered with a fine coat of rust. Then rub the barrel with a fine steel scratch brush and wipe with a rag dipped in boiled linseed oil. To rebrown remove the old coating with oil and emery paper, then remove the grease with caustic potash.

A Cautious Damsel.

"Dearest, with you by my side, I would willingly give up all I possess—wealth, position, parents—everything."

"I know, George, but in that case what would there be left for me."—Milwaukee Sentinel.

It's a queer fact that the higher a man rises the less chance he has of being above suspicion.—Puck.
